Book compiler Andy Zubco and Peace in Hawaii - 1980

“When I was in high school I had a little saying, *If you want to make friends, you must be friendly.* If you analyze it, that is an offshoot of the Golden Rule. It is the recognition that people react according to the influences brought to bear upon them. I have it in my life today with my little saying, *If you want to make peace, you must be peaceful.*”
